## GREET(ir)

DYNAMIC MESSAGING  
AND IDENTIFICATION

GREET(ir) is the next generation of promotional badging.

A stylish and attractive badge features an easy-to-read ePaper display that is customizable with employee names, promotions, simple artwork, and more. The crisp black and white ePaper screen instantly alternates employee names and promotions.

**Color Space**  
Grayscale

**PPI**  
132

**Format**  
PNG

**Number of Colors (Gray)**  
4 levels

## The Power's in the Puck

POW(ir) pucks utilize Wi-Charge technology, which can deliver over the air charging using patented infra-red technology. The pucks can deliver power up to a 30ft. range while adhering to strictest safety regulations (approved by the FDA, UL and IEC worldwide). The system is comprised of two parts: a wireless power transmitter (similar to a router but with infra-red technology) and a wireless power receiver that is embedded in the client device.

Wi-Fi ENABLED

ir POWER

GREET(ir) is a part of the Charter House Innovations Marketing Experience suite of innovative infrared products. Utilizing proprietary technologies, CHIME products enable effortless communication, timely messaging, and superior customer service.
